

UK Clinical Vaccine Network Conference 2019 Programme

14th June 2019

08:30: Registration open (refreshments available)

09:00 - 09:15: Welcome and Opening Remarks

09:15 - 10:00: Trainee Masterclass: Travel Vaccines

Prof Susanna Dunachie, Honorary Consultant in Infectious Diseases & Medical Microbiology, University of Oxford

10:00 - 10:50: Infection in the Elderly

10:00 - RSV in the Elderly - Dr Christopher Green, Senior Clinical Lecturer & Consultant in Infectious Diseases, University of Birmingham

10:20 - Human RSV Challenge Models to Accelerate Vaccine Development - Dr Christopher Chiu, Clinical Senior Lecturer & Honorary Consultant in Infectious Diseases, Imperial College London

10:40 – Q&A Session

10:50 - 11:10 Refreshments, Networking and Poster Viewing

11:10 - 12:00: Antimicrobial Resistance

11:10 - Can we Predict the Impact of Vaccines on Antimicrobial Resistance? - Dr Katherine Atkins, Associate Professor & Chancellor's Fellow, University of Edinburgh

11:30 - Typhoid Vaccines - Dr Tom Darton, Honorary Consultant in Infectious Diseases, University of Sheffield

11:50 – Q&A Session

12:00 - 12:50: Global Vaccines

12:00 - What do we Really Know about BCG? – Samuel Abbott, PhD Student, NIHR Health Protection Research Unit, University of Bristol

12:20 - Recent Developments in Rabies Vaccines - Dr Alexander Douglas, Group Leader, Jenner Institute, University of Oxford

12:40 – Q&A Session

12:50 -13:45 Lunch, Networking and Poster Viewing

13:45 - 14:00: Vaccines E-Learning - (BSAC Course Launch)

14:00 - 14:50: The Immunocompromised Host

14:00 - Challenges in Vaccination Following Haematopoietic Stem Cell Transplant - Dr Thushan De Silva, Honorary Consultant in Infectious Diseases, University of Sheffield

14:20 - CMV Vaccines - Prof Sumi Biswas, Professor, Jenner Institute, University of Oxford

14:40 - Q&A Session

14:50 - 15:10: Vaccine Uptake

Equity in Vaccine Uptake: Aging Healthily and Protecting Others - Dr Daniel Hungerford, NIHR Post-Doctoral Fellow, Institute of Infection & Global Health, University of Liverpool

15:10 - 15:30 Refreshments, Networking and Poster Viewing

15:30 - 15:50: Vaccine Responses

Vaccine Responses in Patients with CKD and the Influence of CMV - Prof Adam Cunningham, Professor of Functional Immunity, University of Birmingham

15:50 - 16:10: Vaccine Hesitancy

The Global State of Vaccine Confidence - Emilie Karafillakis, Research Fellow, Vaccine Confidence Project

16:10 - 16:30: Plenary Lecture

'My Career Path into the World of Vaccinology' - Prof Margaret Stanley, Emeritus Professor, University of Cambridge

16:30 - Closing Remarks
